

Immersive Architectural Experiences:

- Visit top architecture and urban design firms such as Foster and Partners
 - Design your own sustainable structure using the latest architectural software: BIM technology, virtual reality and more
 - Complete a series of projects in a studio setting using architectural sketching tools and design techniques, under the guidance of senior architects
 - Pitch your final designs to a panel of architects and get feedback on your work
 - Exercise your curatorial skills by hosting an exhibition of your work and have leading architects attend a private viewing
 - Private networking session with experienced architects from a range of specialisms
-

Meet Senior Architects:

- Be coached through the immersive experiences with architects from world-renowned firms specialising in residential, commercial, urban design and more
 - Private networking sessions with these professionals, who can become vital connections for your future career
-

Career Coaching:

- Receive training on how to land the most desirable jobs in architecture
 - Advice on subject choices, university selection, work experience, extra-curricular activities and more
-

Competitive Advantage In Your University Applications:

- Attending the Summer Experience demonstrates that you have gained skills which are highly-valued by top universities
 - Complete the online assessment after the programme and receive a personalised certificate to include in your university applications
 - Personalised industry reference letter from architects confirming what you have achieved on the programme
-
