

Immersive Experiences in Psychology:

- Conduct live patient consultations in a simulated psychology clinic under the guidance of experienced clinical psychologists
 - Become the forensic psychologist in a live criminal trial: carry out a psychometric assessment of the offender, act as an expert witness in court, and consult with the parole board
 - Explore life on a mental health ward at a simulated in-patient ward; work collaboratively with a team of psychologists, nurses and doctors to diagnose and treat your patients
 - Visit a Premier League stadium and practise innovative psychological techniques used to give elite athletes a 'mental edge' on match day
 - Discover the latest cutting-edge psychological techniques at a pioneering PsychTech firm, including the use of virtual reality to treat conditions such as phobias, PTSD or anxiety
 - Attend a private reception with top psychologists
-

Meet Senior Psychologists:

- Be coached through the immersive experiences with psychologists from an array of specialities: clinical, forensic, sports, behavioural, business, educational and more
 - Private networking sessions with these professionals, who can become vital connections for your future career
-

Career Coaching:

- Comprehensive coaching on how to get into a top university
 - Master the admissions process: personal statements, interviews and more
-

Competitive Advantage In Your University Applications:

- Attending the experience demonstrates that you have gained skills which are highly-valued by top universities
 - Complete the online assessment after the programme and receive a personalised certificate to include in your university applications.
 - Personalised industry reference letter from psychologists confirming what you achieved on the programme.
-
